NEW FOR 2025: SPECIAL VISIT DAYS AT STONY BROOK UNIVERSITY

Two of our camps now include an exclusive on-campus experience where campers meet real researchers, access real labs and tools. This is a premium STEM opportunity—at no extra cost.

Camp Information:

Week	Theme	Grades	Why Kids Love It
July 21 – 25	MedTech Explorers	4 – 7	Build lifesaving prototypes and try real biomedical tools with Stony Brook University researchers. ★ Includes a Special SBU Lab Visit Day– 7/24/25
July 28 – Aug 1	Paw Patrol Math Rescue	K – 2	Crack codes, count, and problem-solve alongside Chase, Skye, and the team. Every puzzle ends in a high-five “mission accomplished.”
Aug 11 – 15	SnappyXO Robotics Adventure*	K – 4	Design, build, and drive your own robots with SnappyXO kits and SBU engineers. Creativity + coding = pure excitement. ★ Includes a Special SBU Lab Visit Day– 8/14/25
Aug 25 – 29	Ocean Explorers	K – 5	Conduct mini-labs, meet live marine critters, and learn to protect Long Island’s amazing shoreline.

Four action-packed weeks, hands-on projects, and unforgettable STEM adventures—all led by expert educators and university partners. Spots fill fast, so reserve your week today!
